BCA

www.ajcampus.com

**AJ Campus** offers **Bachelor of Computer Application** course program which is an undergraduate three year program where students are exposed to various areas of computer applications including the latest development keeping pace with the industry. India is fast turning into IT hub. Keeping this scenario in mind, the BCA course has been designed with equal focus on computer principles as well management laws, to cater the exact needs of the industry. BCA Programme is structured to equip students to gain proficiency in various computer programming languages, develop problem solving aptitude and excel to solve practical problems arising from the industry–technology interface.

# WHAT IS
