Nurse Educator, Nurse Practitioner

The BSc Nursing program prepares compassionate and skilled nurses. With a comprehensive curriculum covering various specialties, graduates are well-prepared to provide exceptional patient care and lead in the nursing profession.

OUR PAYMENT MODEL

AJ Campus has revolutionized the Indian education system with our hybrid payment methods. In order to expand students access to high-quality education, AJ Campus has brought Pay After Placement and Money Back Program models. Both of these models great ROI (return on investment) options.

Money Back Program

Money Back Program is a fully assured, full-proof strategy. If the student is not hired within four months of the course's completion, we will reimburse all tuition payments.

Pay After Placement

AJ Campus's innovative Pay After Placement Program is liberalising education. The student in our program is only required to pay the course price after being hired. You won't be required to pay anything during the study program, and no tuition will be assessed if we don't place you in a job.

HOW MBP WORKS

01.

Pay your fixed enrolment fees during admission.

02.

Gain access to AJ Campus's edge and prepare for the market.

03.

If not selected, the money will be returned after the basic registration costs have been deducted.

HOW PAP WORKS

1.

Pay your fixed registration fees (not tuition fees)

2.

Explore the perimeter of AJ Campus and get ready for the market.

3.

You don't have to pay the tuition fee, if we don't provide you placement within 4 months.

Note: Your total fees would be 10X monthly salary.

Advantages of MBP

- Easy installment options
- No extra fees after Placement
- Different types of scholarships available
- 100% Placement Assistance
- Money-back assurance (conditions applied)

Advantages of PAP

- Risk-free education
- Aligned incentives
- Improved access to education
- Increased job placement
- Career success

DISCLAIMER

 - Benefit from world-class teaching and learning resources.

INDUSTRY ALIGNED INTERNSHIP

We have an internship program set up where students are welcomed and instructed on how to use their specialized background at the best firms. The enthusiasm for integrative study and the research abilities of interns will also be encouraged.

3 Years of Internship

The students of AJ Campus will get an opportunity to have multiple corporate paid internship offers during the course program. You will also be exposed to an industry-aligned internship at a number of businesses each year during your three years of coursework. There, you'll be acquiring practical, industry-related experience related to your area of expertise.

✔ YEAR ONE: 2 MONTHS

✔ YEAR TWO: 2 MONTHS

✔ YEAR THREE: 3 MONTHS

INTERN PROGRAM HIGHLIGHTS

01.

Intensive 8 to 12 weeks internship

02.

Volunteering and team-building exercises

03.

Present your project to senior leaders

04.

Own Challenging and impactful business-critical projects

05.

In charge of or a member of a committee that designs and plans program activities and initiatives

06.

Professional and personal growth opportunities, including panel discussions, workshops, and networking opportunities

WHAT TO EXPECT ?

Our industrial internship program will benefit you in certain ways such as:

COMPANY CULTURE

Interns will get a chance to learn about the unique corporate culture. They will be exposed to a dynamic culture that values originality and unconventional thinking. Steer clear of the formality and bureaucracy that are inherent in business culture.

MEANINGFUL IMPACT

The impact interns have after they leave their internship will be seen. Contributions in young businesses frequently get rapid feedback and are put into practise right away!

ADAPTABILITY

Interns will gain the ability to adjust to daily changes and uncertainty. Interns can learn how to adjust to change and confront problems head-on in new companies because of the uncertainty present there.

STAND OUT

Interns will gain the ability to adjust to daily changes and uncertainty. Interns can learn how to adjust to change and confront problems head-on in new companies because of the uncertainty present there.
